Before-School & After-School Programs 2023-2024 Information Sheet – Please Keep

Community Education of Bowling Green-Warren County will make every effort to keep students and staff healthy. However, with the believed easy transmission of COVID-19, influenza, and other communicable illnesses, we cannot ensure that your student will not be exposed to and contract a communicable illness.

Community Education follows health guidelines set by the state, local school districts, and the Barren River District Health Department. Circumstances could arise necessitating the temporary closure of all our programs or an individual programs or reinstating mask-wearing policies. We are committed to communicating any changes with the families in our programs.

Due to staffing shortage and state-regulated ratios (staff to students), we will not be able to provide one-on-one student services at this time. It has always been our objective to never exclude any student from participation, and we will make such services available as soon as circumstances allow.
